As 22 witnesses were summoned before an official military court of the same law to pay his rent to the inquiry, Col. Matthew H. Thomlinson, Bethlehem, Pa., commander of Fort Huachuca, declared that no agreement had been reached concerning the cause of the tragedy.

According to an unnamed witness, Abernathy, in charge of the fort's service station, had threatened to "get those white slave drivers," and to "shoot the first dirty white dog that drives to the station." Capt. Wessely drove up in his car for service. Abernathy fired five bullets into Capt. Wessely killing

HARD LUCK FOR POOR OLD RENO

Parodying a popular Harvard song, the famous (or notorious) city of Reno has fallen into hard luck. The number of divorces sought and presumably obtained there has dropped more than 1500 in the last year. The loss of fees to the lawyers and of revenues to hotels and apartments must be serious.

AIR PILOTS ARE HUMAN

An examiner of pilots for one of the big air transport companies ing toward some design that may has made the "discovery" that aviators are human beings. He says not be clearly understood-but debts, bill collectors and shrewish wives spoil a good pilot.

And why should pilots be different from other people? Debts, bill collectors and nagging wives lower the efficiency of any man whether he is on the high seas, on dry land or above the clouds. With such handicaps no man can keep his mind on his work. And if there is any job that demands the undivided attention of the engineer it is that of piloting a transport plane full of human freight.

Being an air pilot has its peculiar advantages over other professions and occupations when debts, collectors and wives pursue. The pilot has an escape denied to others, with the possible exception of deep-sea divers and steeple-jacks. There is no checking up on high-flying husbands as long as the government keeps the short-wave radio out of the

LEGAL OUANDARY OF SPEAKER GARNER

It is reported that Speaker Garner finds himself in a legal quandary because he is at one and the same time Vice President-elect of the procure them. United States and Representative-elect from the Fifteenth Congressional District of Texas. He had planned to resign his Congressional seat in order to step into the Vice Presidency, but it seems that a man can not resign a job until he has been sworn in; and it happens that the may be worth much to you in the have taken up with princes. Vice President is sworn in at the same time the new Congressional term | future. begins. It is a tempest in a teapot, of course, and hair-splitting lawyers and clever parliamentary lawyers will adjust it in a manner satisfactory

But the average voter will wonder why such a tangle should be necessary. He will probably wonder why the State of Texas should be put to the cost of having a special election in order to select a man for the seat to which Mr. Garner has been elected and which he never intended to fill-if he won the Vice Presidency. He is not the first politician who has cast an anchor to windward in this fashion. As a matter of fact. Mr. Garner was afraid he would not be elected Vice President, and he did not have the courage to stake his future on the national election. That being the case, he should have accepted the certainty of a Darken the step o' the year, Congressional re-election and permitted some other deserving Democrat to take a chance on the higher office.

The supply of offices is always less than the demand; and it really seems a bit selfish for one man to run for two of them at the same time while so many of his party associates are helping to swell the ranks of unemployed politicians.

There will be plenty of jobs when capital invested in production is tax free and that invested in bonds is taxed.

Why not ask constitutional conventions to end the depression?

Party leaders won't know what to do about it, either.

WELL-BRED CHICKS AID SUC-CESS OF FARM FLOCK

Poultrymen should be given serious thought at this season to their source of chicks for next spring. There are eight desirable qualities which are transmitted from the breeding flock to the chicks.

These are high egg production, large size egg, egg shape, color and shel ltexture, freedom from broodiness, fast feather growth, freedom from pullorum disease commonly called B. W. D., breed type, size and color, and health and vigor. These factors are inherited but, if the chicks are not properly brooded and reared success cannot be expected.

Democratic Strength In The re-elected president pro-tempore. House May Assume Real Importance

PLAN TO SPEED UP LEGISLATION

By JOSEPH A. LOFTUS International News Service Staff under way. Correspondent

HARISBURG, Dec. 30-Eyes of Pennsylvania's body politic turn to Harrisburg next week where the stage is set for a new assembly and for the 'new deal" its members have promised.

Formal opening is scheduled for Tuesday at noon when Gov. Gifford will be held.

Talbot Speaker With election of Rep. Grover C. ments. Talbot, Delaware county, as speaker assembly will be a routine matter, leave the White House March 4.

barring a possible surprise culling of pointment of committees.

Democrats planning to hand the speaker a mere gavel, minus the whip, have found sympathy among administration members, who comprise a substantial portion of the Republican ma-

jority in the house Their objective is to take from the speaker the power to appoint committees. This power, instead, would be vested in a committee on committees. A similar amendment to the house rules was made in 1913 after success of the buil moose campaign. It was rescinded two years

Success of such a move would be equivalent to election of a fusion speaker by Democrats and administration, insofar as committee personnel is concerned.

Moves Are Planned

Another amendment to house rules the Democrats are expected to propose provides for a reduction in the number of votes necessary to discharge a committee from consideration of a bill. Present rules require 105 votes for the discharge of a committee. Democrats would reduce that figure to 60. Such drastic re-

Beware the Cough or Cold that Hangs On

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold ac-tion; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist. (Adv.)

REIDER IS NOT EXPECTED TO PLAY

(International News Service) TUSCON, Ariz., Dec. 30. - Their Arizona workouts ended, Coach Jock Sutherland and his Pittsburgh Panthers "talked things over" today as they prepared to depart tomorrow night for California to play the University of Southern California in the annual Pasadena Rose Bowl game Monday.

"I'm satisfied with the team's condition," Sutherland said. "I still think we'll lose, because the Trojans have a better club, but we're ready to give them a battle."

Paul Cuba, injured tackle, was back in uniform today. He will play Monday. Capt. Paul Reider, however, has little or no hope of getting into the game. He was injured in Pitt's first game of the season. Although in uniform for practices SECOND U. P. DROPS here he has hobbled around the field and officials declared he probably would not be in the line-up against the Trojans at all.

Trojans In Shape (International News Service) Los Angeles, Dec. 30.-When the Pittsburgh in the Rose Bowl Monday, they will be in better physical -if not mental-condition than any team that ever has represented Southern California in a post-season football game. There isn't a man on the squad who isn't within three pounds of his normal weight. And there isn't a man, with the exception of Tony Beard, a thirdstring fullback, who cannot take his place in the regular lineup. Titans Defeat Indiana 42-18

Second Pre-Season Game -Douglas Stars

NEW WILMINGTON, Pa., Dec. 30 -Westminster college basketball team led by Billy Douglas handed the fast Indiana Teachers college team a 42 to 18 defeat last night in a game at the Westminster gym The Lawthermen held the lead throughout the game and at half-

time were ahead 25 to 5. The visitors offered little in the way of opposition. Billy Douglas was the high scorer on the Titan team with 19 points, through the medium of six field goals and seven fouls, while Bennett, the tall center, scored nine points, by caging four field goals and a foul. Woodring was the best bet in the Indiana lineup with five points.

Main Body Of Stocks Displays Firmer Tone In Trading

(International News Service) NEW YORK, Dec. 30.-Weakness in the tobaccos today halted the stock market after improving tendencies in the first hour.

Substantial tax selling was also a restraining influence. These sales today were made for cash as yesterday was the last day for tax selling in the regular way and transappearances on the tape.

Fresh rumors of impending price readjustments hit the tobaccos. Liggett & Myers B leading with a break of more than 3 points. The others in this group were heavy. American Tobacco B losing a point. Toral is shown smilingly facing the firing squad. He had just uttered the word "Viva" when the rifles crashed out and ended his life. Lower insert is an excellent photo of President-elect Obregon, made shortly before his murder. Upper insert is a close-up of Toral after his arrest.
